Fun puzzle game that makes you think. Would recommend, well worth the price.. Fun puzzle game that makes you think. Would recommend, well worth the price.

Push Pull - Achievements and Quality of Life Update : In response to player feedback the following updates have been implemented. Steam Achievements - 9 Steam Achievements have been added including some secrets to be found. Windowed Mode - You can now press "F4" to toggle between Fullscreen and Windowed mode. You can resize the window by dragging the border and aspect ratio is maintained. Non-QWERTY Support - There is now a controls file for non-QWERTY keyboard users. The file is located at "C:\Users\YOURPROFILE\AppData\Roaming\PushPull\Steamcontrols.txt". You will need to update and load the game once before it is visible. Follow the instructions inside to customise your controls. I may look to add this in-game based on player feedback. If you have any issues you can always contact me at absoluti0n.dev@gmail.com Thanks for playing, absoluti0n
